

# Seminar on Attracting and Retaining Talent for AI in Europe

Postdoctoral Networking Tour in AI

Presentation by,

Arabinda Ghosh

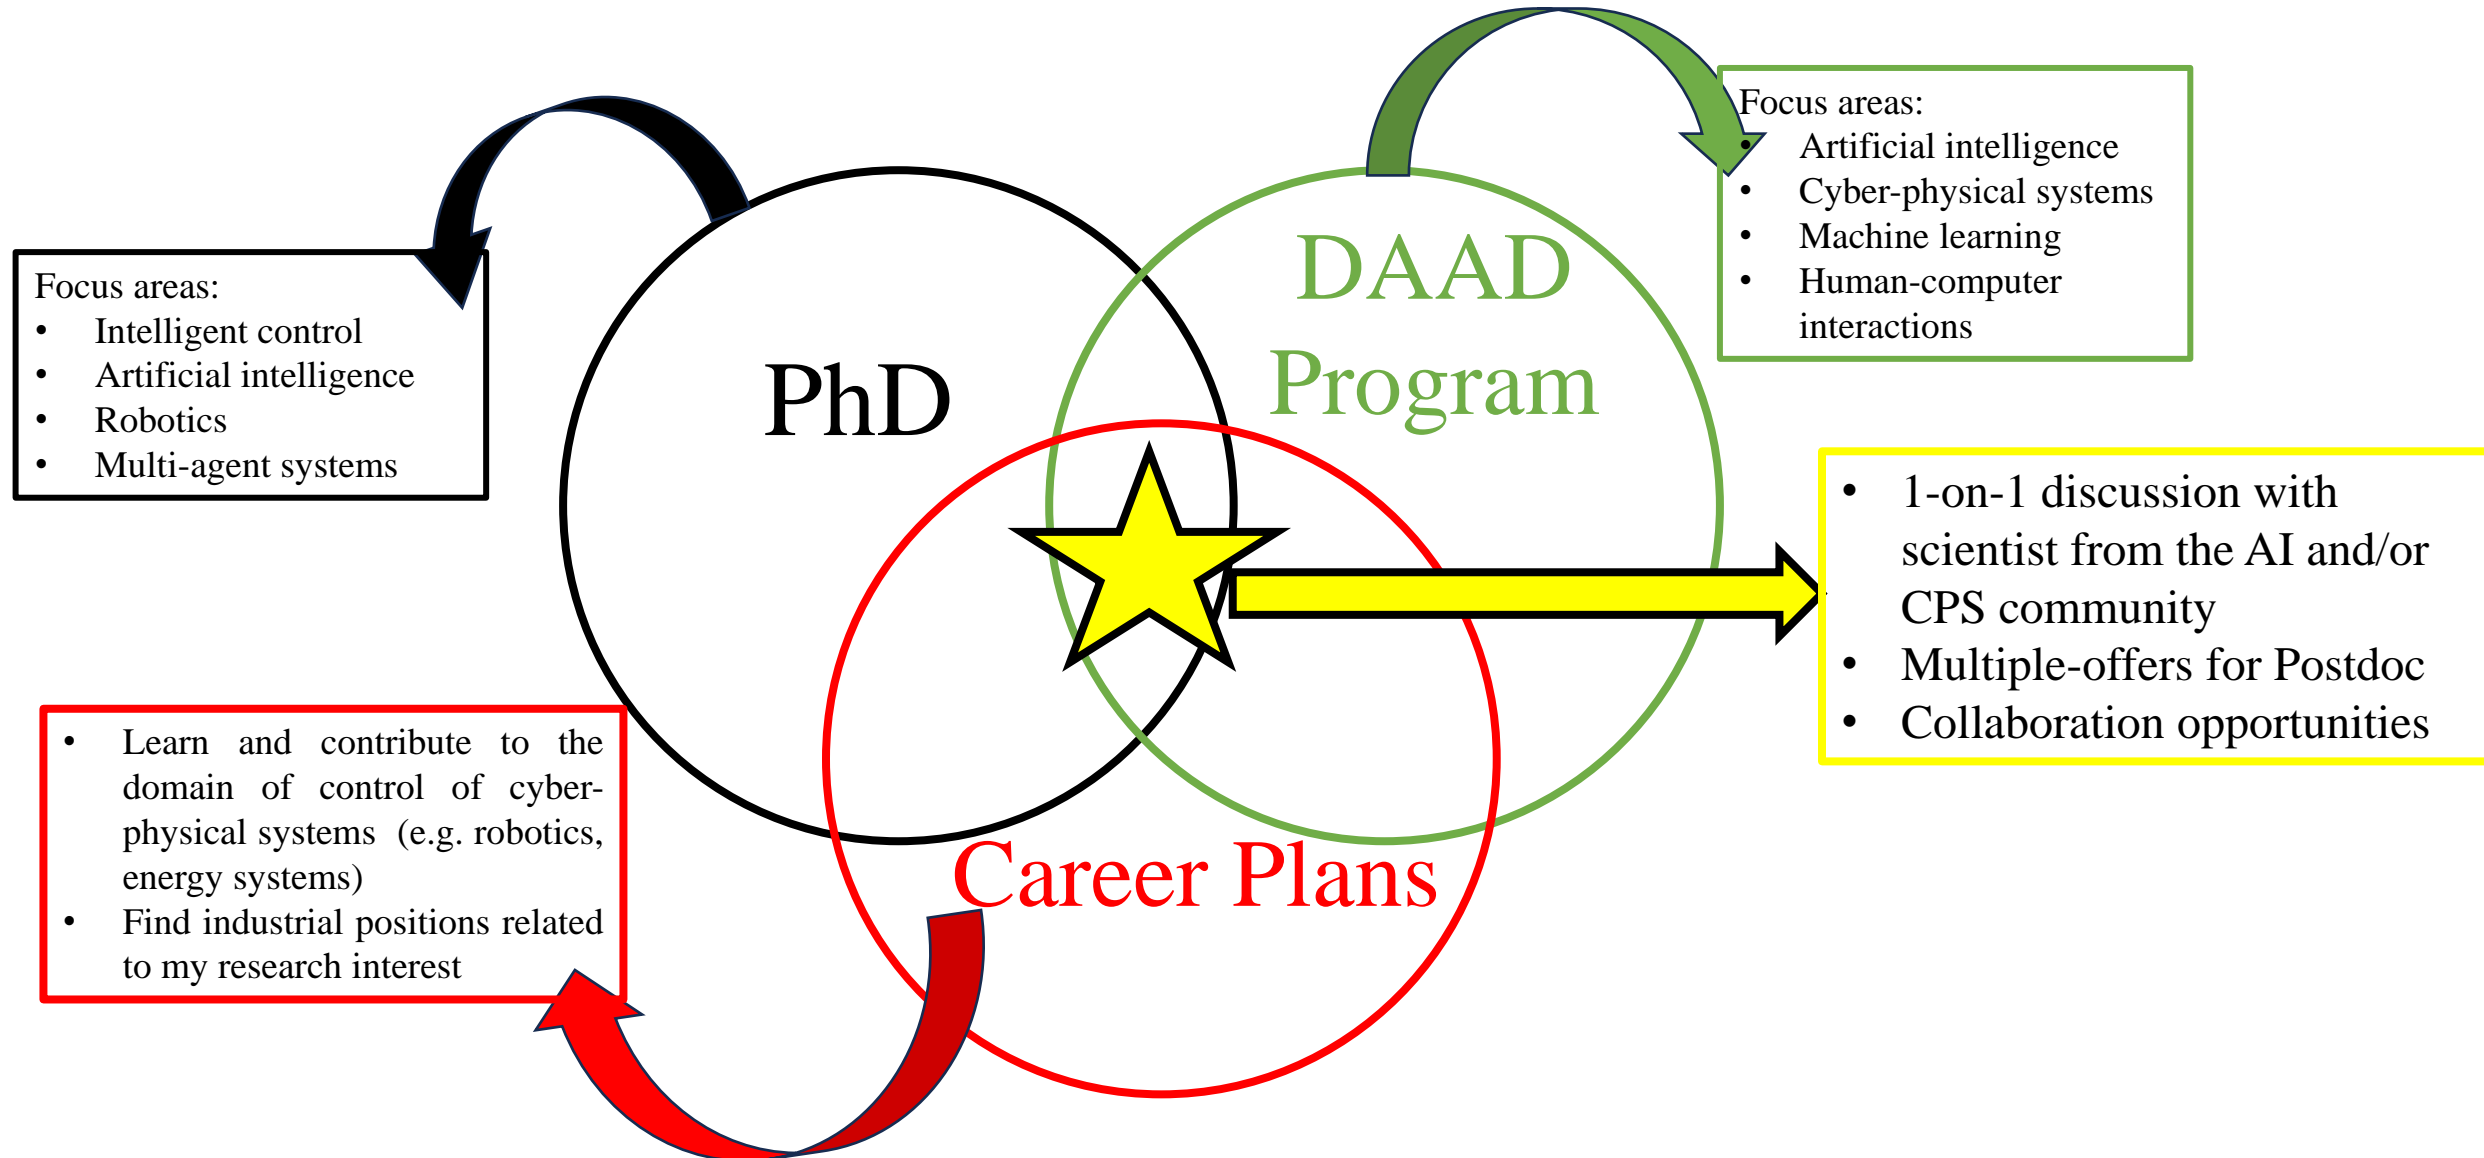

Postdoctoral researcher, Max Planck Institute for Software Systems

- ❖ PhD in Electrical Engineering, NIT Sikkim India (August 2016-November 2022)
  - ❖ Research interest: Cyber-physical systems; Multi-agent systems; System Modelling; System Identification; Intelligent Control; Artificial Intelligence
- ❖ DAAD AInet fellow for the Postdoc-NeT-AI 10/2022 -AI in Cyber-Physical Systems (October 2022)
- ❖ Postdoctoral researcher, Max Planck Institute for Software Systems (Jan 2023-ongoing)
- ❖ Currently working on a EIC pathfinder project, SymAware

- ❖ Engage with research groups aligned with my research interest to explore collaborative possibilities.
- ❖ Find a postdoctoral position in Germany.
- ❖ Get to know about the latest advancements in the field of Artificial Intelligence within the Cyber-Physical Systems (AI in CPS) community in Germany.

# Relevance

## ❖ Related to the program

- The majority of participating host institutes are from academia. **Involvement of industrial organizations** will provide participants with broader exposure.

## ❖ Talent acquisition and retention

- Conducting **follow-up calls to explore employment opportunities** for researchers opted to **work in Germany and Europe**.
- Organizing **in-person workshops** that bring together individuals at various career stages including **Masters, PhD, Postdocs and Scientist from academia and industry** to discuss **research prospects and employment opportunities** in selected EU countries.

# Thank you
