Tuesday, 7 May 2024

10:00 – 13:30

Permanent Representation of the Federal Republic of Germany to the European Union
Rue Jacques de Lalaing 8-14, 1040 Brussels

Evidence-based policy making is a key priority for the European Union. The Erasmus+ National Agency for Higher Education in Germany would like to contribute to this priority by presenting three recent studies, that provide a detailed analysis of large data sets and that illustrate the impact of the Erasmus + programme in the period between 2014-2020. Against the backdrop of the current mid-term review of the current Erasmus+ programme generation and the first exchange of ideas for the programme 2028-2034, this seminar will provide valuable insights and food for thought.
